

Annual Congress of HKSI 2023/24

March 23, 2024

Croucher Foundation
裘槎基金會

*Celebrating 40th year anniversary of
the discovery of human T cell receptor!*

Keynote Speakers

Metabolic and Neural Regulations of Immunity

Professor Tak MAK

Department of Medical Biophysics, University of Toronto
Department of Pathology, The University of Hong Kong

*Unconventional human integrins α and β pairing promotes
TCR signalling and cancer-specific T cell cytotoxicity*

Professor Tao Dong

Oxford Joint International Centre for Translational Immunology,
Nuffield Department of Medicine, University of Oxford

Modulating gut microbiome in cancer immunotherapy

Professor Jun YU

Department of Medicine and Therapeutics,
The Chinese University of Hong Kong

Invited Speakers

Mitochondrial metabolism in graft injury

Dr. Jiang LIU

The University of Hong Kong

Immunodynamics of Lung Cancer

Dr. Patrick TANG

The Chinese University of Hong Kong

**Label-free multiphoton imaging of
single cell immunometabolism**

Dr. Jung Sun YOO

The Hong Kong Polytechnic University

**Immuno-epigenetic activation of
antitumor pyroptotic circuitry**

Professor Alfred CHENG

The Chinese University of Hong Kong

Specific B cells in HIV-1 and HBV infection

Dr. Li LIU

The University of Hong Kong

Co-organizer

香港大學外科學系 HKU
SURGERY

Venue:

Cordis Hotel, The Ballroom, 7/F,

555 Shanghai Street, Mongkok, Kowloon, Hong Kong

Free registration!

Registration closing date:

March 15, 2024
